INTIBITION of the TARRYTOWN INSTITUTE - The Tarrytown institute, under the charge of A. NEWMAN, A. M., Principal and Proprietor, and C. W. Davenport, A. M., Associate Principal, closed its Numbreach Term by a public exhibition in the M. F. Church at Tarrytown, on the evening of the 30th nit.

The exercises consisted chiefly of declamations and dislogues, which were listened to for nearly three hours by a very large and deeply interested anolence. The declamations, while generally peasened of considerable merit, might in several instances, he characteristed as very fine. The dislogues were well sustained. In these the pupils exhibited such an case and naturalness of manner, anch a cerrect appreciation of the characters assumed and such a spirited performance of the reverable impression as to their training in these respects. At the close of these exercises the Pinnighal state that a full and linguistic record of merit and dement, extending to all the conductand recitations of the pupils, had been keep, an abstract of which bad been monthly transmitted to their parents and guardiane. This we regard as a very good feature in the government of this institution; contributing largely to that many bentile, correct meal and gentlementy deportment and good scholarship which have siways cha acterized its pupils, besides fermishing to the parent or guardian an opportunity of examining monthly the conduct of the pupil and his proficiency in his attacles. According to this record, gold medias were awarded to Herace F. Hutchinson and Albert Robertson; silver mediate Granwood American and Charles K. Barker; and a number of diplomas, indicating different degrees of merit, to several of the pupils.

The Institution, we are happy to state, is in a prosperous condition, and in view of its put success and present efficient man agement. we can askiy and cheerfully commend it to the patronse of those who have
